## RESIDENTIAL TRASH & RECYCLING

### RESIDENTIAL TRASH

Choose your container size and save \$\$\$!

#### MOTOR OIL

Do not contaminate motor oil—no water, antifreeze, brake fluid, engine cleaner, fuel, etc.

#### TRASH & RECYCLING SERVICE GUIDELINES

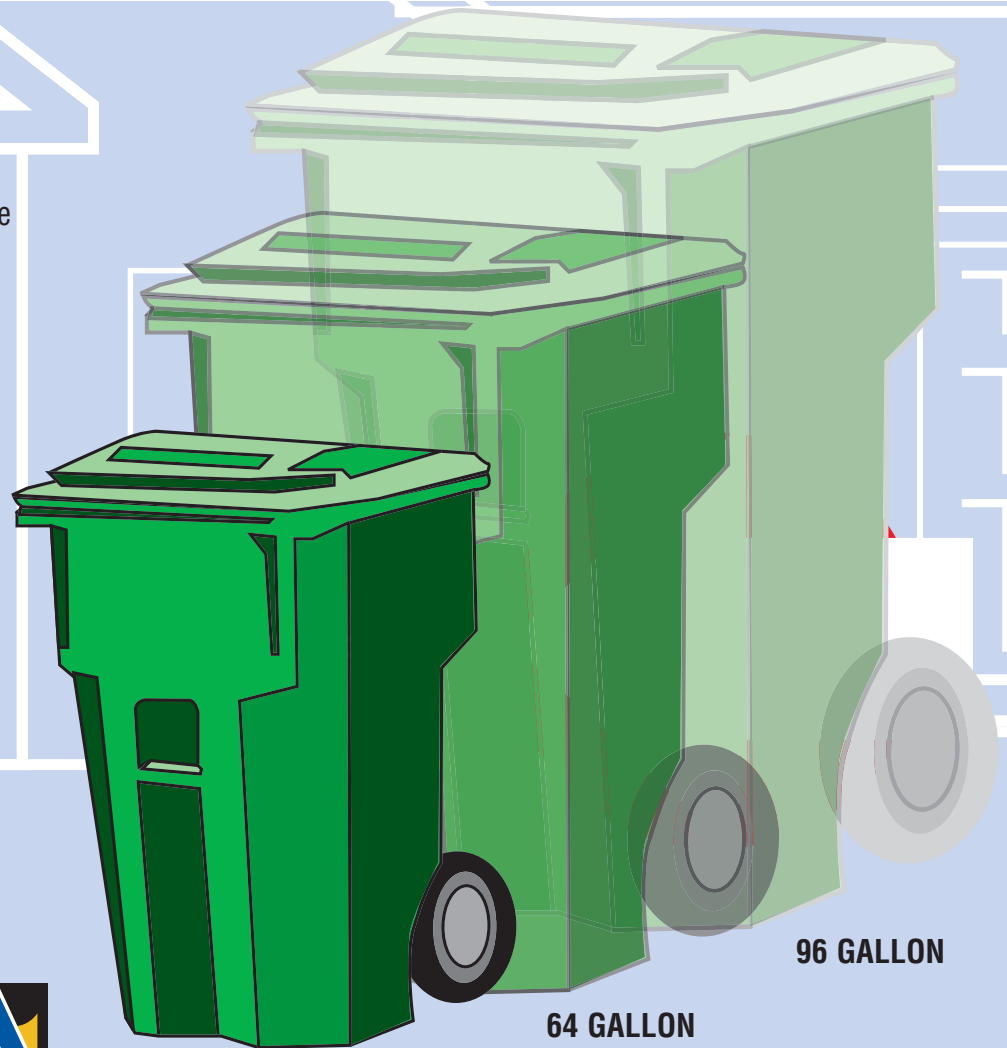

- Place at curb by 6:00 AM.
- Allow 3 feet between containers.
- Place 6 feet from cars, utility poles, mailboxes, boats, and other obstructions.
- Place container on street, not on the sidewalk.
- Residents can choose from 32, 64 or 96 gallon.

#### Used Oil and Filters Recycling CALL BEFORE YOU CURB IT!

- Call the used oil recycling hotline, (916) 808-4800, to schedule an appointment for collection. Collection can be scheduled up to 24 hours before your next recycling day.
- Place used motor oil in a clear plastic jug (such as a one-gallon milk jug).
- Use a tight sealing lid and tape the lid to prevent spillage.
- Drain oil from filter and place filter, with the holes up, in a plastic bag.
- Set the oil and filter 3 feet from your blue recycling cart on your scheduled appointment day. Do not place oil or filters in your trash or recycling cart.

Funded by a grant from the California Integrated Waste Management Board.

# CURBSIDE RECYCLING AT HOME

*If it's clean and dry, TOSS IT IN!*

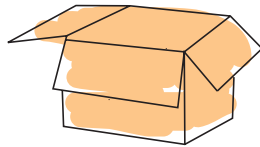

## Mixed Paper

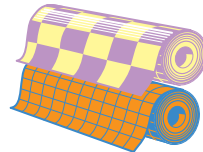

Newspaper, magazines & inserts

Junk mail, office paper & shredded paper

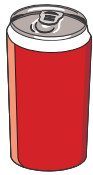

Cardboard, frozen food packaging (flattened)

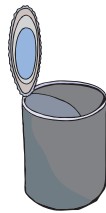

Wrapping paper, paper bags & egg cartons

## Cans

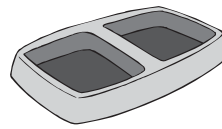

Aluminum cans & foil

Tin cans & steel/bi-metal cans

Aerosol cans empty without pressure

Metal food trays

## Glass

Wine bottles

Bottles & jars

## Plastics

Empty rigid plastic containers

## RECYCLING

**DO NOT** place the following items in your container:

- Tarps
- Garden hoses
- Styrofoam
- Plastic food trays
- Cups
- Window glass
- Mirrors
- Porcelain
- Ceramics
- Pyrex
- Drinking glasses
- Needles (sharps are a danger to recycling workers and they should be disposed of at the City Household Hazardous Waste Collection Facility)
- Household hazardous waste
- Kitchenware
- Wet food waste
- Wood and metal pipes
- Garden refuse
- Clothing
- Diapers
- Kitty litter

These items are contaminants that increase the cost of the recycling program to the City and to its residents. Contaminated recyclables are treated as garbage!

Residential recycling is collected every other week on your normal trash collection day.

Follow these three steps:

- Place at curb only when full
- Flatten boxes and plastic jugs
- Check the recycling map to make sure you have the right collection day

Residents in time restricted parking areas (Downtown and Oak Park) should place their containers on the curb or in the area between the curb and the sidewalk.

**SIGN UP FOR THE  
AUTOMATIC RECYCLING  
REMINDER EMAIL!**

[www.pwsacramento.com/solidwaste](http://www.pwsacramento.com/solidwaste)

## GARDEN REFUSE & STREET SWEEPING SERVICES

Periodic garden refuse and monthly street sweeping services are provided to City of Sacramento residents (see map). Street sweeping occurs once a month for residents that have curb and gutters. Street sweeping occurs on the day following your garden refuse collection (except Downtown or Oak Park).

### Downtown and Oak Park Restricted Parking Zones

Some areas in Downtown and Oak Park have restricted parking from 8:00 AM until 12:00 PM. Street sweeping occurs once a month, on the same day as your garbage, bi-weekly recycling, and garden refuse services. Please place your garbage and recycling containers on the curb or in the area between the curb and sidewalk. Containers placed in the street (gutter) prevent the street sweeper from providing service.

### Helpful Suggestions for Good Service

- On street sweeping days, keep the streets clear of cars, trash and recycling containers, garden refuse materials, and basketball hoops.
- Keep gutters and drains free of garden refuse. This is especially important during wet weather, when leaves can clog drains and cause street flooding.
- Please do not place more than two cubic yards of material on the street for collection each week. (3'x3'x6')
- Please make sure your trees are pruned. Overhanging trees can be an obstruction and prevent the crews from providing service.

### The Following Are Accepted:

- Garden trimmings including: shrubs, weeds, leaves, grass clippings, and sod (with the dirt removed).
- Christmas trees (Stands must be removed. Trees will be picked up whole.)
- Tree prunings: Material must be cut to not exceed 36 inches and no single piece can weigh more than 40 pounds or be greater than 4 inches in diameter.

### The Following Items Will Not Be Picked Up:

- Piles greater than two cubic yards (3'x3'x6')
- Piles contaminated with household trash
- Dirt, concrete, lumber, and fencing
- Animal Droppings
- Garden refuse that did not originate from the resident's property. (*This is illegal dumping.*)

### Leaf Season (October through December) – Call 808-4827 for the latest collection schedule update

During leaf season, garden refuse collection may run late due to the increase in tonnage that occurs each leaf season. Crews will be working overtime to catch up, but due to the volume of leaves that drop during this time of the year, the periodic collection of garden refuse is impacted.

# GUIDE TO HOUSEHOLD HAZARDOUS WASTE IN THE HOME

Without knowing it, everyone purchases household products that have the potential to be dangerous. These common products include paints, household cleaners, garden products, detergents, pet care products, and other such materials.

## RECYCLING HOUSEHOLD HAZARDOUS WASTE

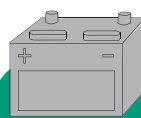

### Sharps

- Bio-Sharps (needles)

### E-Waste

- Electronic Waste (Televisions and Computer Monitors).

### Corrosives

- Acids
- Car Batteries (lead acid/car, 6 volt or more, Max. 2)
- Small Household Batteries (no maximum)

### Flammables

- Gasoline and Other Flammables
- Oil Filters
- Solvents
- Used Motor Oil
- Paint: Oil-Based or Latex
- Paint Thinners
- Propane Cylinders
- Small Aerosol Cans

### Reactives

- Bleach (liquid and dry)
- Chlorine (liquid and tablets)
- Stump Remover (nitrites and nitrates)
- Organic Peroxides
- Oxidizers
- Flammable Solids

### Toxins/Poisons

- Antifreeze
- Brake/Transmission Fluid
- Floor and Furniture Cleaners
- Fluorescent Lights
- Herbicides
- Household Cleaners
- Mercury Thermometers
- Most products labeled DANGER, CAUTION, WARNING, FLAMMABLE, or POISON
- Pesticides
- Poisons
- Pool Chemicals

### North Area:

Sacramento County North Area Recovery Station, located at 4450 Roseville Road. Call (916) 875-5555 for hours and information or visit their web site at <http://www.sacgreenteam.com/hazardous/residents.htm>

### South Area:

Sacramento Recycling and Transfer Station, located at 8491 Fruitridge Road. Residents of the Cities of Sacramento, Citrus Heights, Elk Grove, Rancho Cordova and the Counties of Sacramento and Yolo are welcome at this facility.

Containers must be leak proof and accurately labeled. State law prohibits transporting more than 5 gallons or 50 pounds of hazardous material. Businesses wanting more information on how to dispose of hazardous waste call, (916) 379-0500.

### MATERIALS NOT ACCEPTED

- Asbestos
- Explosives
- Ammunition
- Medical waste
- Compressed industrial gas cylinders
- Contractor or business waste
- Infectious waste
- PCBs
- Radioactive materials

### Hours of operation:

Tuesday – Thursday, from 8:00 AM – 5:00 PM. Residents can only bring antifreeze, automobile batteries, used motor oil and filters, and latex paint. There is no charge for this service.

Friday – Saturday, from 8:00 AM – 5:00 PM. Residents can bring all other hazardous materials. This facility is closed on Sundays, all major holidays and Mondays.

There is a charge for the following services at the South Sacramento location:

### Electronic Waste

E-Waste – non CRT (picture tubes in computer monitors or Televisions) \$5.00 each

CRT under 40 pounds \$15.00 each.

CRT under 80 pounds \$30.00 each.

CRT over 80 pounds \$40.00 each.

### The following charges to residents bringing HHW on Antifreeze, Batteries, Oil, and Paint days are:

With ABOP items \$10.00 per visit.

Without ABOP items \$15.00 per visit.

Residents transporting more than 100 pounds of hazardous materials \$25.00 per visit.

Call (916) 379-0500 for more information.

For more information Call (916) 808-4800 or visit the City of Sacramento's Web Site: [www.pwsacramento.com/solidwaste](http://www.pwsacramento.com/solidwaste)

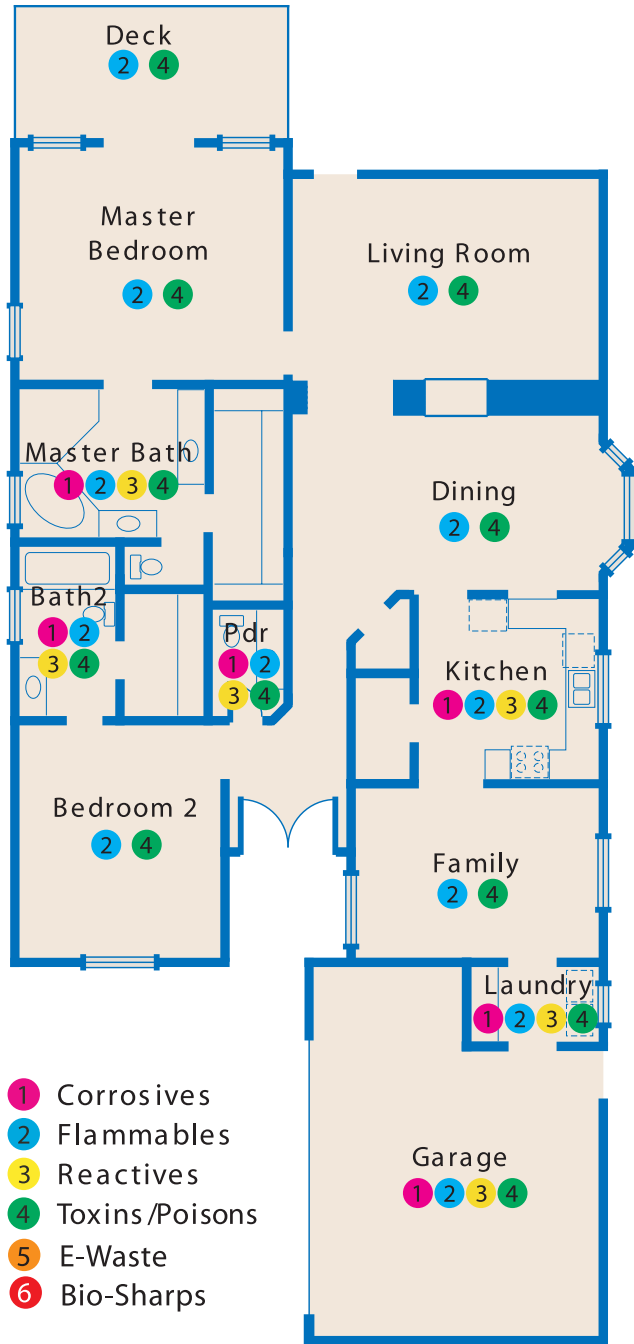

### REUSE STORE

Each week residents bring materials to the Household Hazardous Waste Facility for disposal or recycling. Many of these items are available for reuse. By safely reusing these items, residents can save on purchases while helping the City avoid the cost of disposal. You will

find a wide selection of paints and other household products at the Reuse Store. You can even purchase recycled latex paint in a variety of colors. The recycled paint is sold for \$35.00 per 5 gallon bucket (includes sales tax).

## USED OIL & FILTER RECYCLING

## ARE YOU A DO-IT-YOURSELFER?

# 1

### CURBSIDE RECYCLING

- Call Solid Waste Customer Service at 808-4800 to recycle used oil and filters on the next recycling collection day.
- Place used motor oil in a clear plastic jug (like a one gallon milk jug).
- Use a tight-sealing lid and tape the lid on to prevent spillage.
- Drain oil from filter and place filter in a plastic bag with the holes up.
- Set the oil and filter three feet from your blue recycling cart on your recycling collection day. Do not place used oil or filters in your recycling container.

## THREE Ways to Recycle Your Used Motor Oil and Filters

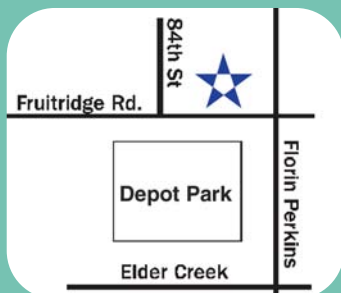

# 2

### HOUSEHOLD HAZARDOUS WASTE FACILITIES

There are two locations to recycle your used motor oil and filters.

**South Area:** Sacramento Recycling Transfer Station, located at 8491 Fruitridge Road. Call 916-379-0500 for more information.

**North Area:** Sacramento County North Area Recovery Station is located at 4450 Roseville Road. Call 916-875-5555 for more information.

# 3

### CERTIFIED CENTERS

Call **1-800-CLEANUP** for the nearest certified center to recycle your used motor oil and filters. Certified centers will pay 16¢ per gallon.

## How to visit used oil certified centers:

**Visit certified  
centers during  
business hours.**  
Leaving oil after  
hours is illegal.

Place your motor  
oil in a sealable  
container. Make sure  
the oil is not mixed  
with any other fluids.

Certified centers  
typically accept no  
more than **5 gallons**  
of used motor oil.

Some certified  
centers offer a 16¢  
per gallon rebate for  
used motor oil. Be  
sure to ask!

## Did you know...

2.5 quarts of re-  
refined lubrication oil  
can be produced  
from 1 gallon of  
used motor oil.

Recycled filters are  
made into rebar and  
other steel products.

Over 20 million  
gallons of used oil is  
disposed each year in  
an unknown manner  
in California by do-it-  
yourself oil changers.

The oil from a single  
oil change (1 gallon)  
can ruin the taste of  
a million gallons of  
drinking water.

*Source: California Integrated  
Waste Management Board*

# NEIGHBORHOOD CLEANUP & ILLEGAL DUMPING

Annual neighborhood cleanup is a service provided by the City of Sacramento. Once a year city neighborhood cleanup collection crews will collect bulky waste items. 50% of these items collected will be diverted from landfill.

City of Sacramento residents can contact the Solid Waste Division and request a special pickup. There is a \$90.00 minimum fee for this service and the total cost is based on the amount of waste collected.

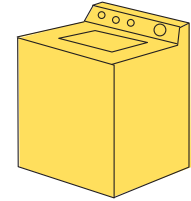

## PROGRAM GUIDELINES

- Place all material out for collection by 6:00 AM.
- Place loose items in disposable containers like cardboard boxes for collection.
- Pile must not exceed 9 feet in length. Wood must not exceed 6 feet in length and fencing material is to be disassembled.
- Oversized piles will be subject to additional collection charges.

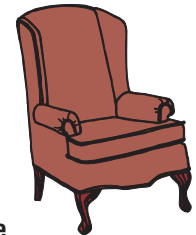

### Do not place material:

- Next to parked vehicles.
- In ditches or on private property.
- Against fences or buildings.
- Blocking sidewalks or streets.

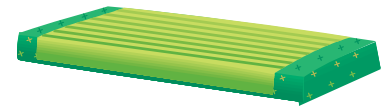

## ACCEPTABLE MATERIALS FOR COLLECTION

- **Appliances.** No more than one refrigerator per household. Remove locking doors and separate refrigerators from the pile for separate collection.

- **Furniture**

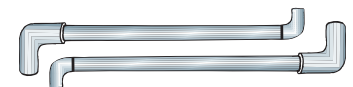

- **Mattresses**

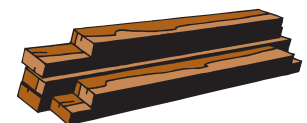

- **Carpet**

- **Toys**

- **Pipe** (no piece longer than 3 feet)

- **Wood/Fencing Material, Lumber** (no piece longer than 6 feet and fencing must be disassembled)

## THE FOLLOWING MATERIALS WILL NOT BE COLLECTED!

- Liquid Waste

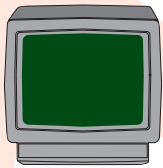

- Household Hazardous Waste

- Garden Refuse

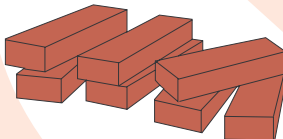

- Auto Parts

- Televisions and Computer Monitors

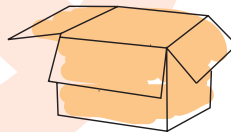

- Junk Vehicles

- Concrete, Dirt, Rocks, and Brick

- Commercial or Contractor Waste

- Tires

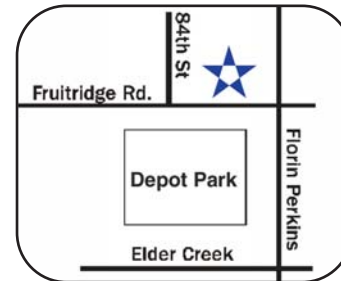

- Cardboard or Bulk Paper

- Bullets or Shells

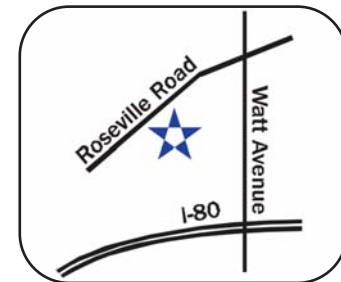

## E-WASTE & BULKY WASTE

Television, computer monitors, and E-waste contain lead and must be recycled at the locations below. If you cannot wait for the annual neighborhood cleanup, these facilities accept bulky waste items. Call for hours and cost of service.

### South Area

Sacramento Recycling Transfer Station  
8491 Fruitridge Road • 916-379-0500

### North Area

Sacramento County North Area  
Recovery Station  
4450 Roseville Road • 916-875-5555

## ILLEGAL DUMPING

### City of Sacramento residents pay the cost when illegal dumping occurs.

Illegal dumping trashes neighborhoods in the City of Sacramento. Illegal dumping can devalue, detract, and degrade the quality of any neighborhood. Title 13, Chapter 13.10.200 of the City Code states: "It is unlawful and a misdemeanor for any person in the City to throw or deposit any waste upon any street or other public way. Any person, firm or corporation violating this section shall be guilty of a misdemeanor, punishable by a fine of not less than five hundred dollars (\$500.00), or by imprisonment in the county jail for a period not exceeding six months, or by both fine and imprisonment."

### ILLEGAL DUMPING: Only you can stop illegal dumping.

A reward of five hundred dollars (**\$500.00**) will be paid by the City to the person furnishing information to the authorities leading to an arrest and conviction (Title 13 Chapter 13.10.200 of the City Code). **The following information is needed when reporting illegal dumping:**

- Get a license plate number.
- Provide a description of the vehicle(s) and the person(s) involved in illegal dumping.

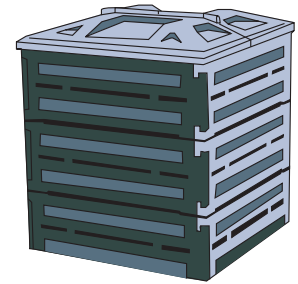

### If illegal dumping is in progress, call and report it!

- Call Code Enforcement at **264-5948** (before 5:00 PM)
- Call the Sacramento Police Department at **264-5471** (after 5:00 PM)
- Make sure that Code Enforcement or the Police know that illegal dumping is in progress.

## EDUCATIONAL PROGRAMS

### BACKYARD COMPOSTING PROGRAM

City of Sacramento residents generate nearly 80,000 tons of green waste annually. The cost for processing this material is \$1.5 million per year. The goal of the Backyard Composting Program is to reduce residential green waste placed at the curb. The Solid Waste Division hosts three Backyard Composting seminars each year. At the end of the seminar, residents can purchase a Biostack composting bin for \$20. These compost bins normally retail for approximately \$100 in home improvement stores. Each seminar lasts approximately 20 minutes and five to six seminars will be conducted during the event. Residents can also request the Backyard Composting Correspondence Course. The course includes the City's Backyard Composting Guide and a short quiz. Successful participants are eligible to purchase a Biostack composting bin.

**CALL 808-4900 FOR INFORMATION ABOUT THE NEXT SEMINAR OR TO REQUEST A CORRESPONDENCE COURSE**

**SCHOOLS, BE SURE TO CALL (916) 808-4937, FOR INFORMATION ABOUT THE ENVIRONMENTAL FAIR, MAY 14, 2004.**

### RECYCLING PRESENTATIONS

Solid Waste staff is available for recycling presentations. Presenters cover the basics of what to recycle and show products made from recycled materials (closing the loop). Staff is available for schools, clubs, church groups, and community groups interested in learning more about recycling.

**CALL 808-4900 TO SCHEDULE A PRESENTATION**

### RECYCLING & TRANSFER STATION TOURS

Solid Waste Division staff in partnership with the Sacramento Recycling and Transfer Station can coordinate tours of the recycling and transfer station. Learn how recyclables are processed and marketed. Schools, clubs, church groups, and community groups interested in learning more about recycling are welcome to tour the Sacramento Recycling and Transfer Station.

**CALL 808-4900 TO SCHEDULE A TOUR**
